## Constellar announces key management movement

**Singapore, 20 June 2022** – Constellar wishes to announce that Mr Chua Wee Phong, Chief Executive (Markets), will be stepping into the role of Chief Executive (Venues) with effect from 1 July 2022.

Mr Chua has been Chief Executive (Markets) at Constellar leading the exhibitions arm of the business since February 2021. He brings with him a wealth of experience and knowledge of consumer verticals in the exhibition space, an extensive network of industry players in Singapore and Asia, and a deep passion for people and communities.

His new appointment comes at a time when event activity in Singapore is off to a strong restart. At the Singapore EXPO, confirmed venue bookings for the second half of 2022 are now at 60% of pre-Covid levels in 2019. With the operating environment showing positive signs of recovery, he will be instrumental in evolving the venue business as it embarks on a new growth strategy to drive the recovery of the sector. This includes accelerating its sustainability roadmap for the Singapore EXPO to become carbon-neutral by 2024.

Constellar Holdings' Chief Executive Officer, Mr Jean-François Quentin, will continue to oversee all matters related to its group of companies. Having covered the role of Chief Executive (Venues) since 1 October 2021, he will now cover the role of Chief Executive (Markets) with a greater focus on the development of Constellar's events business in Asia, as well as expanding Constellar's presence in the global marketplace.

Said Mr Quentin: "This is an exciting period of recovery and growth for the MICE sector. We're confident in the industry's prospects and have put in place an organisation that will enable us to achieve portfolio optimisation, deliver greater value for our customers, and become a partner of reference in Asia and beyond."
